What's New

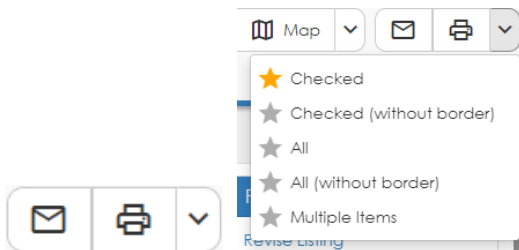

New "Favorites" Section Added to MLS 11 Actions Pane

Accessing your favorite MLS 11 features just got even easier! The MLS 11 actions pane has been enhanced with a new **Favorites** section, allowing you to group your most frequently used actions right at the top of the pane. Simply click the star icon at the top of the actions pane and start organizing your favorite actions!

MLS 11 Print/Download: Updated "Print" Icon Replaces Downloading

Easily preview, download, and print from a single button! The "Download" icon for MLS11 reports has been changed to a "Print" icon, and the corresponding menu options have been updated to better reflect the workflow.

New Links Icon Cluster for One Line Grid Display

More grid clusters! A new grid **Cluster-Links** option is now available that displays all listing icons grouped into a single cluster for easy viewing.

Public Link Options for MLS 11

A **View Public Links** option has been added to the MLS 11 actions pane that allows you to easily copy and paste a link to a specific listing into email, your website, or other media.

Please note that the View Public Links option is only available when the corresponding listing is allowed to be shared.

The image shows a 'Public Link Options' dialog box with two options:

- Public Link with Listing Agent & Office Info**: <https://login.rapmlsqa.com/share/CJML/AQECM3RhNmB...> [Preview] [Copy]
- Public Link without Listing Agent & Office Info**: <https://login.rapmlsqa.com/share/CJML/AQKGaO4yNmB...> [Preview] [Copy]

Below the dialog box, a 'View Public Links' option is highlighted in a red box within the 'View/Manage Listing' menu.
